

CEdMA Workshop HP Bracknell, 18 September 2007, "Emerging Technologies"**Session**

Overall	4.9	5	5	5	5	5	5	5	4	5	5	5	5	5	5
Emerging Technologies - Steve Tayson	4.9	5	4	5	5	5	5	5	5	4	5	5	5	5	5
Show and Tell	4.6	4	5	5	4	5	5	5	4	4	5	5	5	5	4

What topics would you like to see presented in future CEdMA Workshops?

Marketing of training, certification, training as part of overall loyalty

Validating staff experiences

More e-tools and examples

"Break out of the classroom" - how do we use the availability of tools/technologies to move the training out of the classroom

LMS options (Steve's talk on Moodle sparked the most interest) - a session on LMS's and what they can do/contribute

Tricks for maximising revenue while still offering value to the learner

Demonstrations as well as presentations

What speakers would you like to see present at future CEdMA workshops?

Apple

UK Government - linkage between skills programmes and IT Training industry (how can we help?). What do universities do? What are students used to and expecting?

Open source companies

What changes or additions would you like to see to the CEdMA website?

Podcasts and vodcasts?

What changes or additions would you like to see to the CEdMA Europe Monthly Newsletters?

Individual member contributions
