

"Training Managers' Development Program"

On 2 Feb 2016, 15 CEEdMA Europe members from 12 companies attended a workshop on "Training Managers' Development Program" at the offices of Juniper Networks in Addlestone.

Following an introduction into the program, two breakout groups each discussed two main categories each. In particular, they discussed topic relevancy and whether there were any gaps. Each topic was scored as "must have", "nice to have" or "not relevant". Then, they discussed the relevancy of each topic in its category,

Finally, there was a feedback discussion on next steps.

You can access these workshop materials on the CEEdMA website:
